

On the paper
DEFINABLE COMPLETENESS
by Marta BUNGE, Jonathon FUNK, Mamuka JIBLADZE
and Thomas STREICHER

This paper has been published in Volume XLV-4 (pp. 243-267) of the "Cahiers". However a printing error has suppressed the name of Jonathon FUNK in the list of authors on the first page of this paper, though his name is well indicated in the heads of all the pages, in the "Sommaire", the "Table des matières du Volume XLV (2004)" and in the "Résumés des articles publiés dans le Volume XLV" (in the same issue).

We regret this deplorable error and present all our excuses to Jonathon Funk.

Andrée C. Ehresmann
